

Chai Conservatorium

Transforming & Enriching Lives Through Music

Who

We are gearing towards a musical revolution within the technology atmosphere of music and a heightened level of senses.

We are bound by beats, whether it be Classical or Rock, music enriches our souls.

Chai Conservatorium is primarily geared towards catering to the needs of the music enthusiast and contains the resources to transform novices and amateurs all the way becoming tomorrow's music professionals. Our mission is to provide a sophisticated, yet dependable community for musical enrichment and development for all skill levels and ages.

What

A virtual campus for online music education and livestream performances.

Intention: provide a central hub for holding enhanced online music lessons, classes & a therapeutic environment to foster mental, emotional and spiritual health.

Offering: fun & educational games with renditions of the natural world appealing to the senses, indoor and outdoor performance venues and a myriad of opportunities for:

Sharing music, collaborating with other artists & joining in concert performances

When

Living in a virtual world, our applications are accessible at your fingertips.

Our **virtual garden** is open 24/7 to have a full interactive experience.

Your **personal sessions** are based on the availability that you provide while we match you with a certified and self-selected instructor.

Where

4 Different Unique Experiences

- Online Virtual Garden
- Personal Classes
- Group Sessions
- In-Person Global Garden

Why

Virtual Reality (VR) is Crucial For:

- Providing Deeper Engagement
- Providing Expanded Access
- Providing Multi-sensory Environments
- Providing Personalized Learning
- Providing Collaborative Experiences
- Providing Performance Practice

By embracing an enhanced music learning experience through VR, we can deepen engagement, create multi-sensory environments, provide personalized learning, encourage collaboration & nurture performance skills

How You Can Help

We are currently looking for investors, stakeholders, contributors, heck, music students looking for a free class or 2, perhaps, even a pet turtle. who wants to join our team of entrepreneurs.

We offer stake within our company depending on level of involvement.

BAY VILLAGE
SAHL HASHEESH

LAUNCHING
PHASE 2

BAY VILLAGE is the latest project developed by ERC.

The perfectly designed new apartment complex uses its play on colours to create its charm. One can live in the heart of Sahl Hasheesh, in the Old Town, just minutes away from the supermarket, pharmacy, butchery, restaurants – with everything less than a minute's walk from the beach.

The variety of apartments ranges from studios all the way to three-bedroom apartments, with flexible payment schemes. As the saying goes, "I like my morning with a side of beach."

Now, we can all have those mornings in Bay Village.
